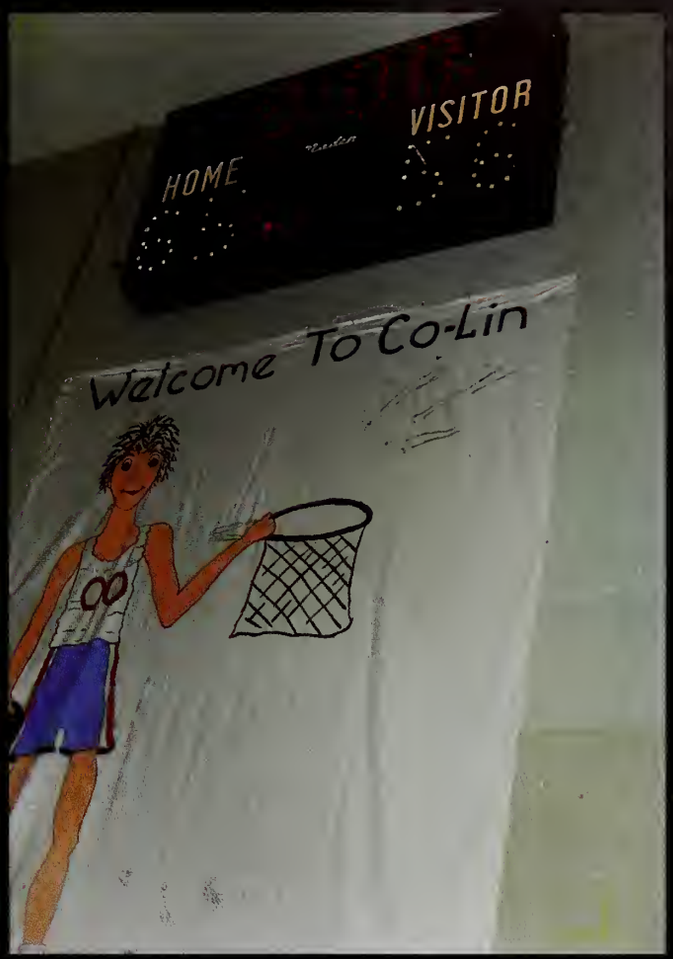
1980-1981 Trillium presents "Moving into the 80's"

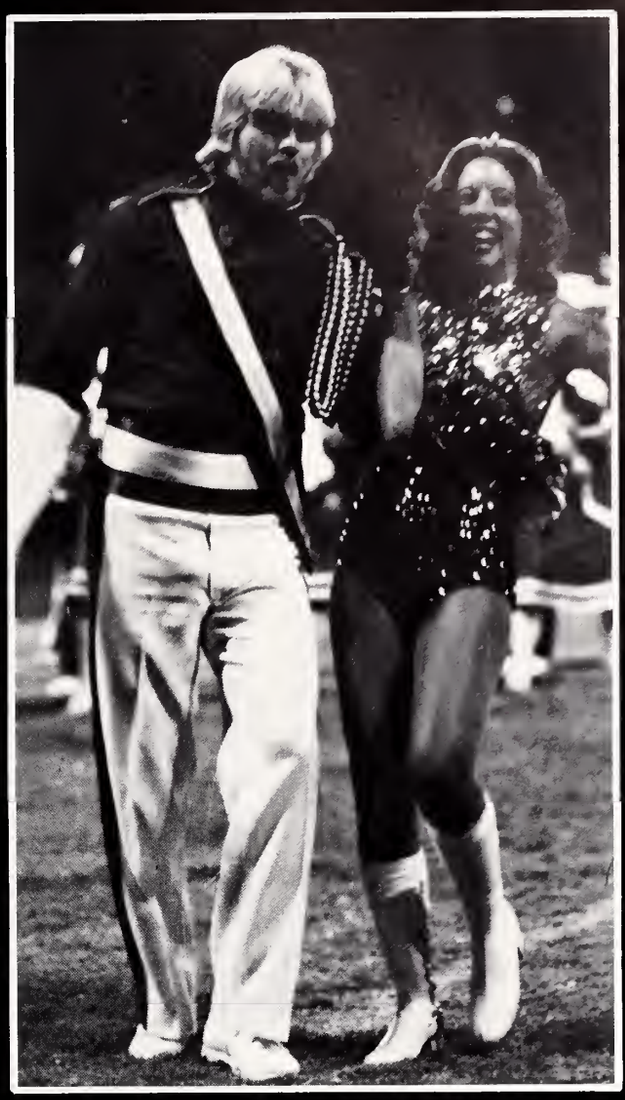


Copiah-Lincoln Junior College

Wesson Campus and Natchez Campus

Wesson-Natchez, Mississippi

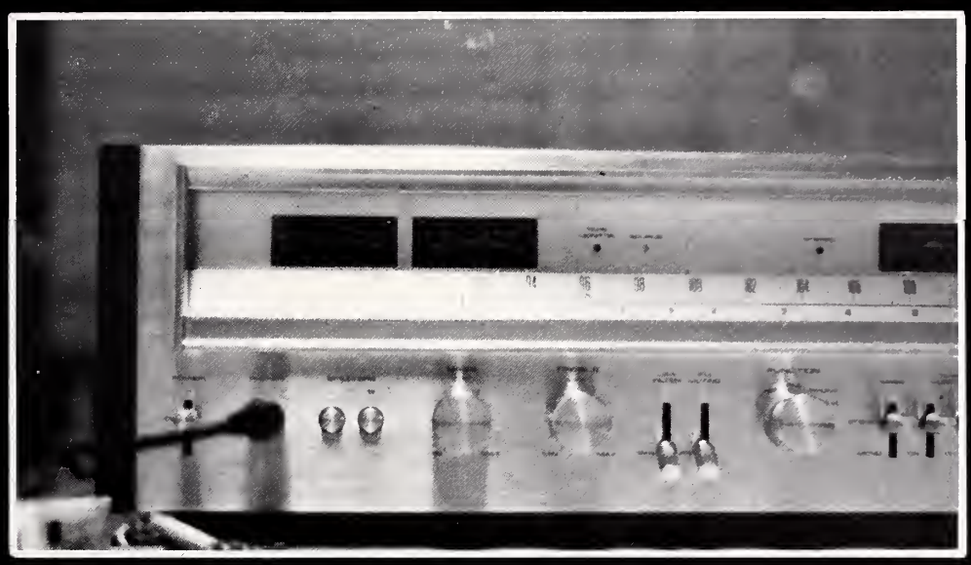
Construction, teamwork,
Extra curricular activities,
All contribute to Co-Lin moving into the 80's.



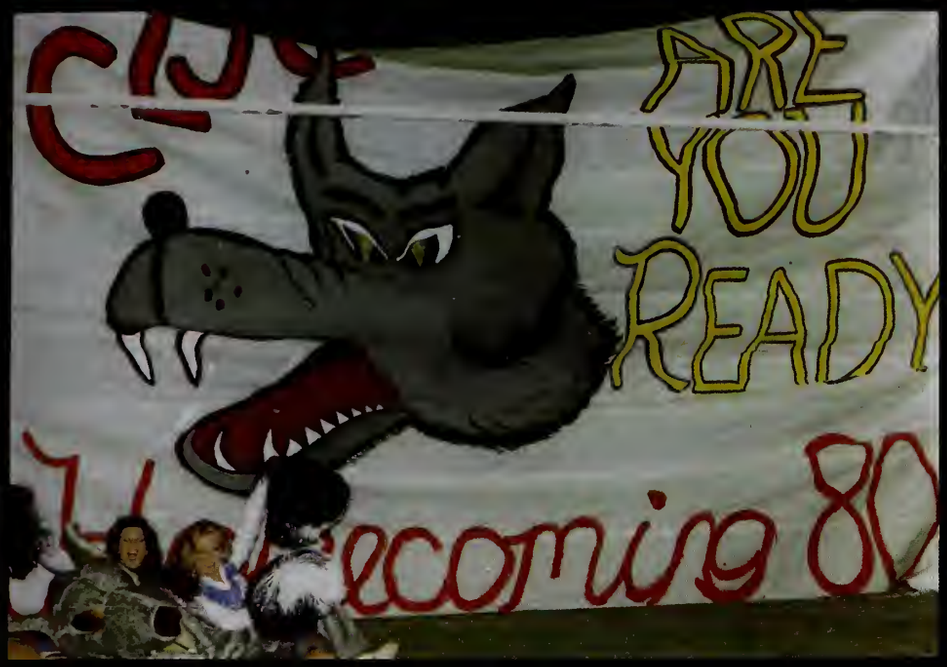
Individuals meet other individuals.
All are similar, yet each one posseses a
Certain spark of diversity putting him apart
From everyone else.

WELCOME ALUMNI

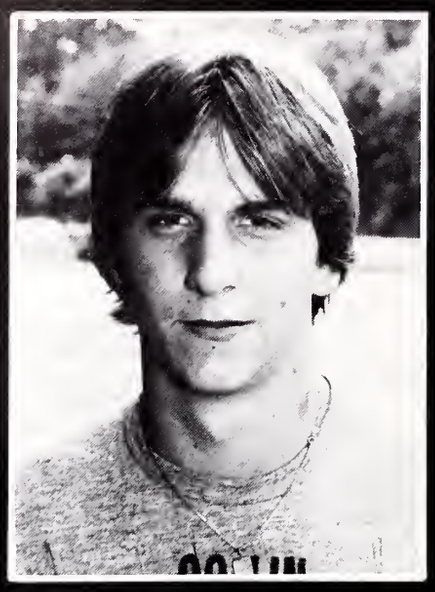
With parties, new sounds, and new faces, the Co-Lin student begins to realize his importance as an individual in the world.

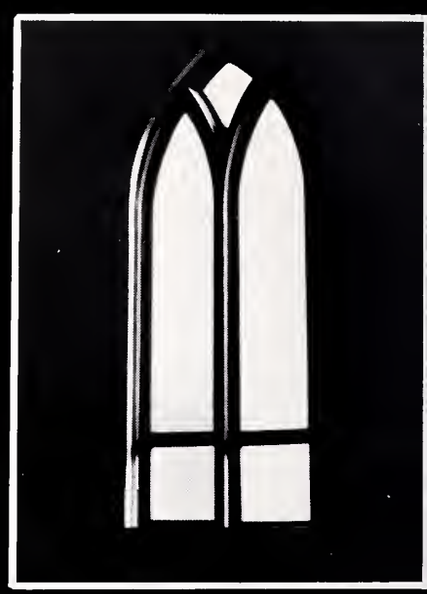


MICROCOSM



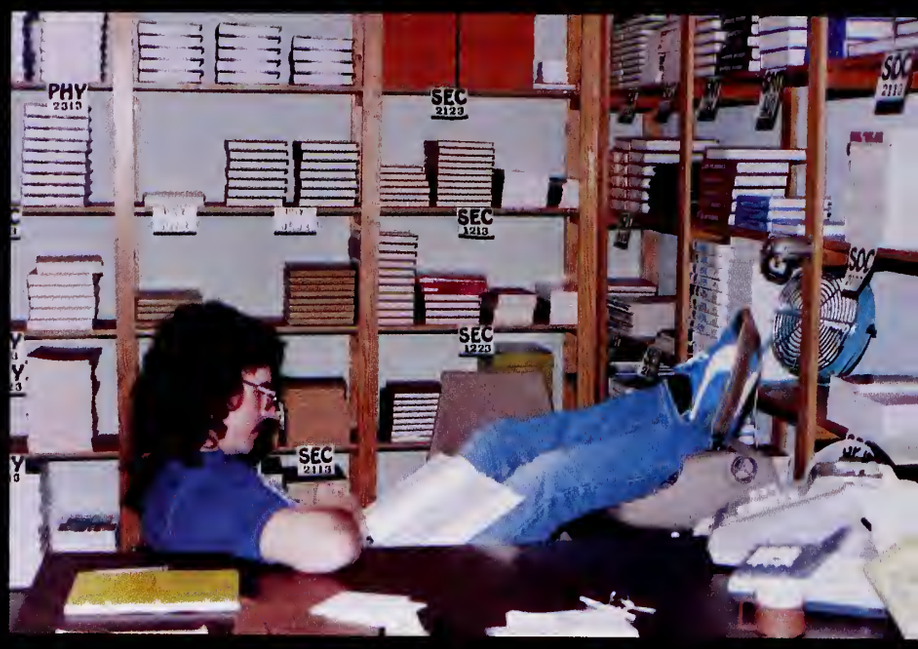
For companionship, for understanding,
For strength, we need one another.
With belonging and acceptance comes
A feeling of security that is as simple and overwhelming as a child.





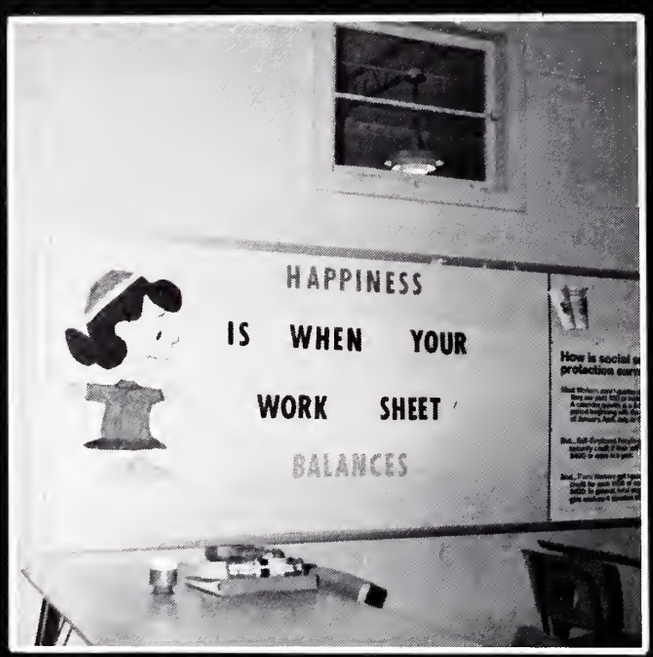
Partners are needed for many activities of the day. Each one depends upon the other to fulfill his part of the team. Without total committment and cooperation, the winning feeling diminishes.

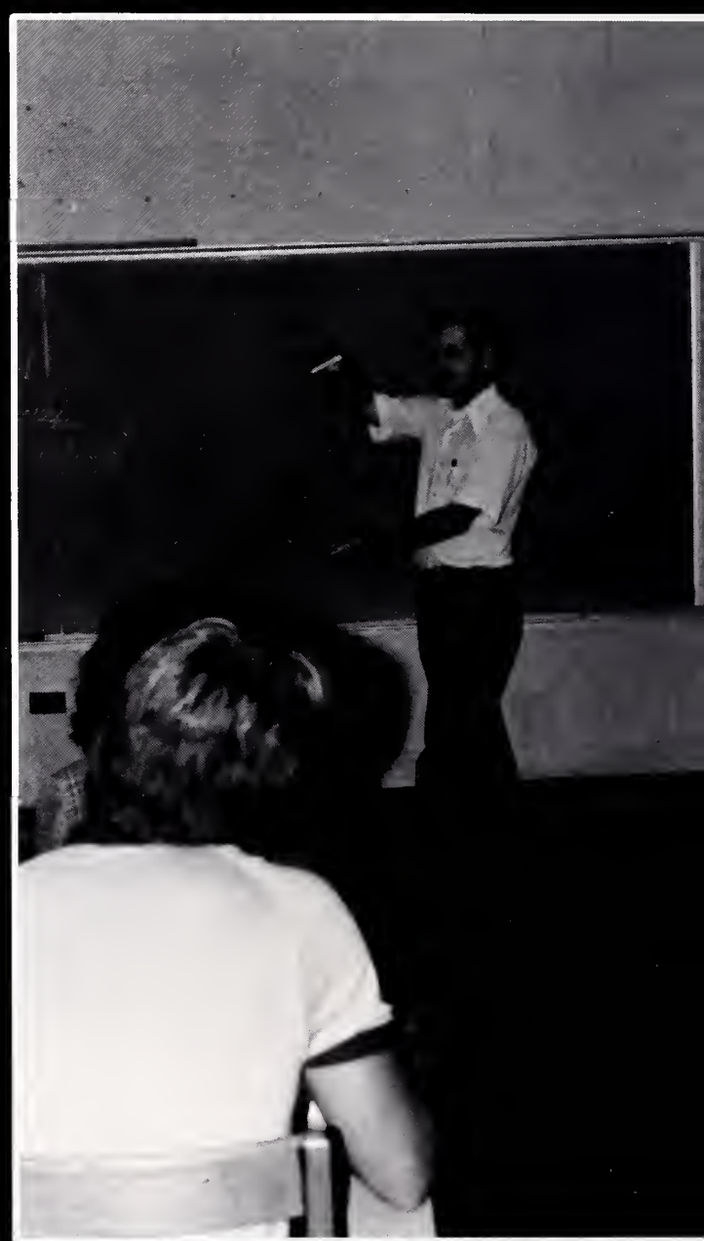
A feeling of belonging . . of having friends . . . studying . . . attending classes . . . researching . . . enjoying fellowship . . . seeking a quiet moment to be alone . . . talking with a friend . . . This is all a part of Co-Lin/Natchez.

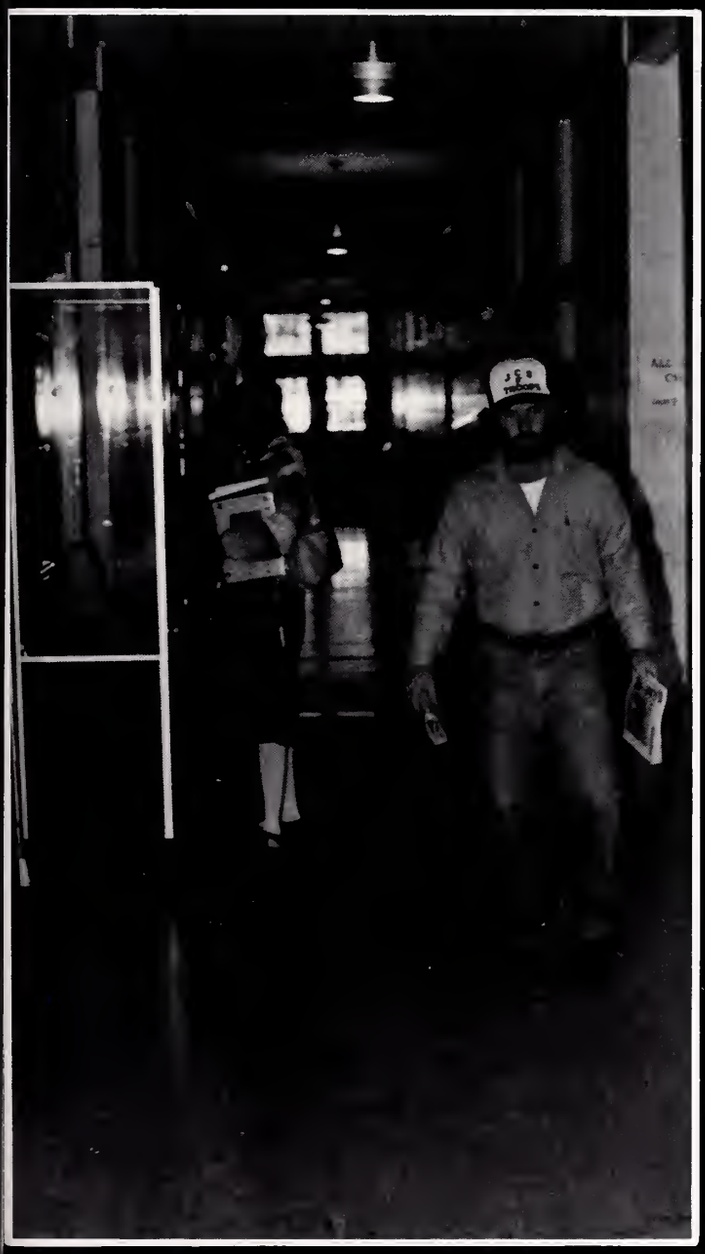


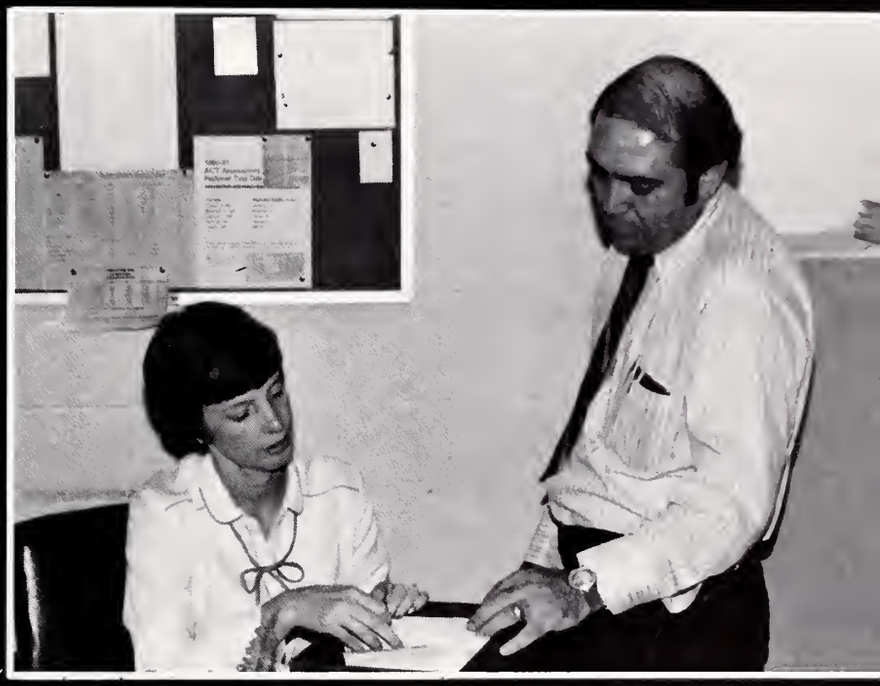
WELCOME
STUDENT COUNCIL
ASSN MISS

Happiness is . . . driving to school each day . . . a stroll down the hall . . . a game in the Hob Nob . . . meeting new people . . . getting to know the instructors and administrators . . . that's all a part of Co-Lin/Natchez . . . moving into the 80's . . . a new campus to look forward to . . . expansion and growth.









Dr. Billy Thames works for expansion of both campuses

Dr. Billy B. Thames, president of the Copiah-Lincoln Junior College district since January, 1968, constantly works for the expansion and growth of both the Wesson and the Natchez campuses.

Evident of expansion on the Wesson campus was the completion of the new $2.7 million W. S. Henley Student Union Center and the renovation of Callendar Hall, the renovation of the J. M. Ewing Administration Building, and an addition to Memorial Library. Construction of new facilities on the Wesson campus has highlighted Dr. Thames' years of service to Copiah-Lincoln. Enrollment continues to increase year by year. With a long-range program of a joint USM/Alcorn/Co-Lin campus for Natchez, the campus will be moving for the 1981-82 school year to the old Washington School. Renovations are currently underway for the Natchez campus.

He is married to the former Anne Allen of Monticello and they are parents of three children, Rachel, Rebecca, and William, Jr.

The Thames family (l to r) Rebecca, Rachel, Dr. and Mrs. Thames, and William.

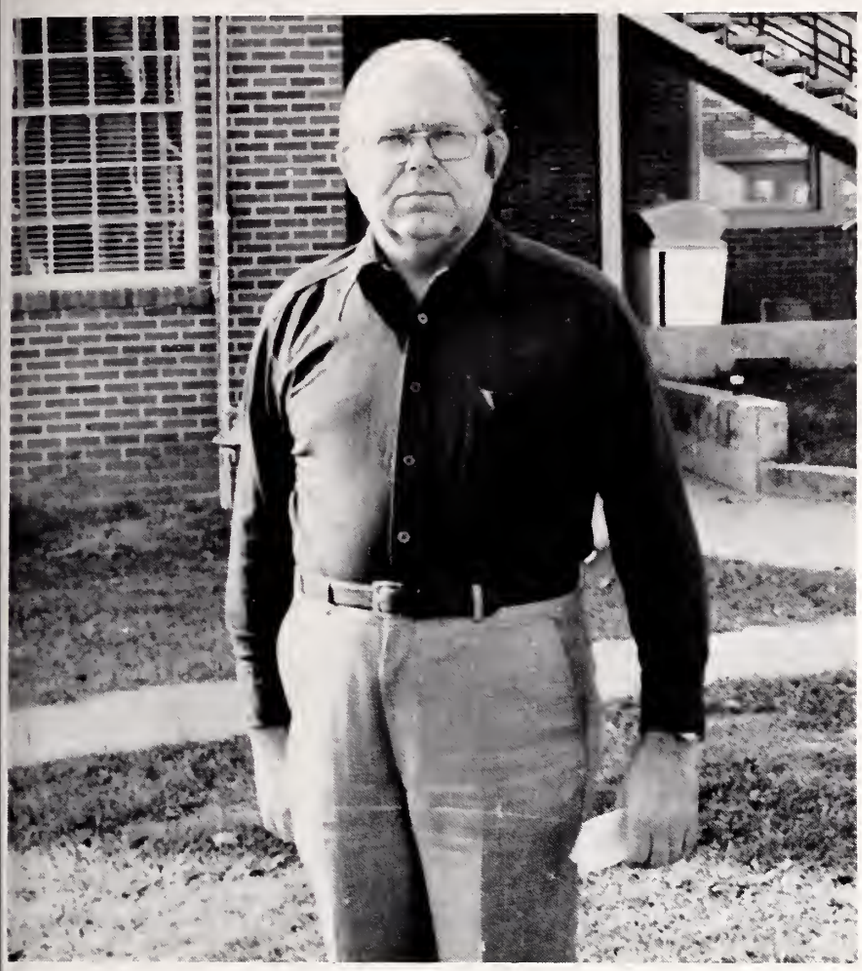
Special activities bring back a sparkling feeling to old friends of Co-Lin.

Just like the early morning sunrise, each individual is different in his own special way.

HULA STEVENS HALL

Beauties and beasts contrast to provide a flexible feeling at Copiah-Lincoln Junior College.
Though opposite, each contributes His part to Co-Lin's moving into the 80's.

Trillium dedication goes to John R. Landress



John R. Landress

Landress working with class in speech.

- To a person who began his teaching career at Bethel College in Kentucky.
- To a teacher who holds a BA, BD, and MA degree from Mercer University, Southern Baptist Theological Seminary, and the University of Southern Mississippi.
- To a gentleman who has made many personal sacrifices. A fire destroyed his home in which everything was lost; a tornado destroyed the building he taught in; and an act of vandalism on his office and classroom in which he lost many personal belongings . . .
- To a man who is the father of four children, Daphne, Denise, Bob, and Kevin. He and his wife, Mary Louise, are grandparents of one grandson.
- The 1981 Trillium is dedicated to a person who joined the Copiah-Lincoln's faculty in 1955 as instructor in speech and theatre.
- To a man who has assisted almost every department of the college in some way with photographs, posters, or silk screening. He has made spirit ribbons for the cheerleaders, assisted with lighting for various programs, filmed home and away games for the college for many years, worked with the BSU puppeteers on his own time and at his own expense.
- To a full-time Jack-of-all activities who has never refused help. He is free with his time and talent.
- To an instructor who is active in the community. He served as chairman of a constitution and by laws committee for the local town for a interested citizens' group, on the planning board for the Christmas party for the town.
- To a charter member and past member of the board of directors of Brookhaven Little Theatre where he has acted in and directed numerous plays. He has assisted in some capacity in every production the group has ever staged.
- To the organizer of the Co-Lin Players and Delta Psi Omega chapter; director of many plays on campus and for Wesson High School.
- To a person who at various times has served as choir director for his church, Boy Scout leader, and YMCA director.
- To a man who has been active in the American Education Threatre Association, Copiah-Lincoln Education Association, Mississippi Speech Association, MAE, Lions Club, and Speech Association of America.
